Krzysztof Brzeski Institute of Informatics
State School of Higher Professional Education in Elbląg

The 8th Interdisciplinary International Scientific Conference

"Faces of the Internet"

Network Discourses.
(Re)Cognition of the Digital World

Kongres Badaczy Internetu

Elbląg, November 20 - 21, 2014

Congress issues and aims

Krzysztof Brzeski Institute of Informatics of the State Higher School of Professional Education in Elbląg is honoured and delighted to invite you to the 8th International Scientific Conference in the Faces of the Internet series, whose scope, on this occasion, is identified by the title Network Discourses. (Re)Cognition of the Digital World. At the same time we invite you to participate in the 1st Congress of the Internet Researchers, whose aim is to integrate numerous scientific circles, representing humanities, social and exact sciences as well as technical sciences. The Congress is addressed to those whose scope of scientific interest comprises the Internet, the fascinating creation of the human thought, which, in the reality of the second decade of the 21st century, is a kind of hyper medium that combines the experiences and possibilities which the "old media" used to represent. We welcome the cooperation of sociologists, anthropologists and Internet cultural studies academics, linguists, media researchers and philosophers investigating various aspects of the web, pedagogues and political scientists analysing the Internet influence and use, economists and lawyers having to deal with the increasingly complicated issues referring to the "digital life" of the Internet users, computer scientists, mathematicians and physicists, without whom the cyberspace architecture would not exist.

The Congress research areas

The organisers of the 1st Congress of the Internet Researchers wish for the discussion to focus on the following areas:

- *The perspectives of indirect communicating. Web futurology attempt.*
- *The Internet as a society research tool according to Web 2.0 paradigm.*
- *Pedagogical contexts of the Internet. The Web as a research challenge.*
- *Linguistic aspects of the Internet.*
- *Ethical and legal aspects of the Internet.*
- *Network communication, public discourse and authority redistribution.*
- *Life in the digital world. A new (?) anthropology of everyday reality.*
- *Digital humanities as a research perspective.*
- *Civil journalism. Chances and threats.*
- *Word and image. Social media vs. traditional media.*
- *Technologies and Internet applications.*

Programme Committee

prof. dr hab. inż. Zbigniew Walczyk – Rector of SSHPE in Elbląg,
dr hab. Marek Sokołowski, prof. SSHPE in Elbląg – Congress Chairman,
dr hab. inż. Zenon Ulman, prof. SSHPE in Elbląg – Krzysztof Brzeski Institute of Informatics

Organising Committee

dr inż. Stanisław Witkowski – Congress secretary
- tel. +48 603-612-317
mgr Teresa Jurewicz-Obrzut – acting Director of Krzysztof Brzeski Institute of Informatics
- tel. +48 691-476-811
Ewa Wall, Anna Popowicz, Marcin Rysicki
- tel. 0..55 629-07-50

Congress dates:

until **February 28, 2014** – registration for the conference by completing the registration form at <http://www.pwsz.elblag.pl/konferencje-2014> and submission of the paper summary;
until **April 30, 2014** - submission of two paper copies of the text and, by means of e-mail, its electronic .doc or .zip copy;
until **May 31, 2014** - completion of payments connected with participation in the congress.

Paper registration

The paper summary of the A4 size, typed with the Times New Roman CE 10 size font, single line spacing (about 600 words), with 2,5cm top, bottom, left and right margins, should be sent by e-mail to the conference organisers by February 28, 2014 to the following address: obliczainternetu@pwsz.elblag.pl.

Online information

Information concerning Krzysztof Brzeski Institute of Informatics of the State School of Higher Professional Education in Elbląg and information concerning the Congress are available at <http://www.pwsz.elblag.pl/konferencje-2014>

Preparing papers for printing

Papers, along with a summary, must be presented in MS Word, Times New Roman font, paper size A4, 1800 characters per page, endnotes. Two full copies of the text must be sent to the following address: Instytut Informatyki Stosowanej PWSZ w Elblągu, ul. Wojska Polskiego 1, 82-300 Elbląg. The deadline for paper submission is April 30, 2014. An electronic .doc or .zip file must be sent to obliczainternetu@pwsz.elblag.pl

Seminar fee

The seminar fee is 500PLN (including VAT). Honorary guests participate free of charge. The fee covers accommodation for 2 nights, board on the conference days and breakfast on departure day, as well as a copy of the published monograph (the condition for paper publication in the reviewed monograph is paper presentation during the Congress and favourable reviews). Payment is to be made to the following account:
Bank Zachodni WBK S.A. | O/Elbląg
21 10902617 0000000652002942
Payment title: „Konferencja-Oblicza Internetu”. The deadline for fee payment is February 28, 2014.
